

Inclement Weather Policy

Burlington Day School will make its own decisions concerning school schedule alterations. In the event school must be canceled, delayed, or dismissed because of inclement weather or emergencies, an announcement will be posted on our website www.burlingtondayschool.org and will be made on **WFMY-TV2** television station.

Because BDS families live throughout Alamance and other counties, parents are encouraged to use their discretion about driving to school on days of inclement weather based upon conditions in their neighborhood. When school days are lost due to bad weather, the School will provide as much advance notice as possible for any necessary make-up days. The school always builds into the school calendar a few days beyond what is required so that days lost may not need to be made up.
